Permeability Link

Bunscoil Rinn an Chabhlaigh (BSRAC), Rushbrooke, Cork is a primary school with 694 students, 50 teachers, and 14 ancillary staff that serves the Rushbrooke area of Cobh and is located approximately 2km from the centre of the town. During the SRTS audit, the opportunity to develop a permeability link from Norwood park to the school was identified. This link required a new entrance to the school to be developed. The resulting permeability link has been well received by students and is utilised by large numbers of students daily.
